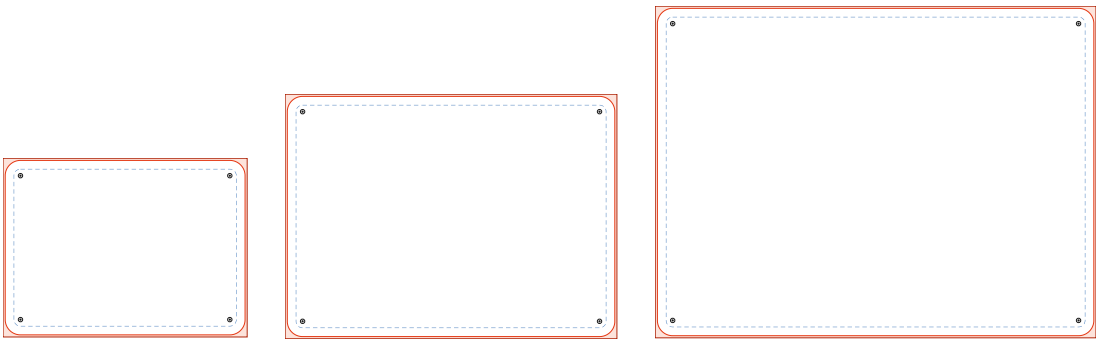
ARTWORK TEMPLATE

BEYONDTHEFRIDGE®

Designing your own board? This template shows exactly where your picture will land on the steel, so nothing important ends up trimmed off or under a screw cap.



Small 55 × 40 cm

Medium 75 × 55 cm

Large 100 × 75 cm

WHAT THE LINES MEAN

Bleed (5 mm). Run your background right out to here. It's trimmed off, and it stops a thin white line appearing at the edge.

Board edge. The finished size of the board, with 35 mm round corners. Anything in the corners outside this curve is trimmed off.

Safe area (20 mm in). Keep words, logos and faces inside this line.

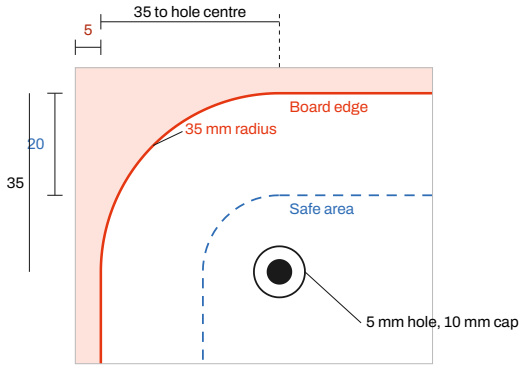
Fixings. A 5 mm screw hole, covered by a 10 mm screw cap, 35 mm in from each edge. Keep anything important clear of them.

SIZES

BOARD	FINISHED	ARTWORK WITH BLEED	AT 150 DPI
Small	55 × 40 cm	560 × 410 mm	3307 × 2421 px
Medium	75 × 55 cm	760 × 560 mm	4488 × 3307 px
Large	100 × 75 cm	1010 × 760 mm	5965 × 4488 px

Portrait boards are the same sizes turned on their side. The holes stay 35 mm in from each edge.

CORNER DETAIL, ENLARGED



Measurements in millimetres. The pink strip is the 5 mm bleed.

GETTING IT RIGHT

- Open the template for your board size and shape from the Templates folder and use it as your canvas. Each one is drawn at 100%.
- Make your artwork the full bleed size, and at least 150 dpi at that size (the pixel sizes are in the table).
- Hide or delete the template lines and labels before you save, so they don't get printed.
- Upload your finished file with our Create Your Own tool at beyondthefridge.co.uk, where you'll see it on the board before you order.

Every board is printed on 1.2 mm steel and made to order in Britain. Questions about your artwork? Email online@beyondthefridge.co.uk and we'll happily take a look.
